Business Economics (CEC2-532 Sections 751 & 761)

First Assignment

Complete the following problems from the End-of-Chapter Problems in Matziorinis, K. (2008), Business Economics: Theory and Practice, Fifth Edition, Canbek Publications

Problems 2.4, 2.5, 2.6, 2.8, 2.9, 2.10 from the End-of-Chapter Two, pgs 84 - 87

Problems 3.5, 3.6, 3.7, 3.10, 3.12, 3.13 from the End-of-Chapter Three, pgs 113 - 117

Problems 4.1, 4.2 from the End-of-Chapter Four, pgs 147- 148

Problems 5.5, 5.7, and 5.20 – 5.28 from End-of-Chapter Five, pgs 209 - 214

Solutions to the End-of-Chapter problems will be posted on this website before the Mid-term Exam.

Note: 1) All of the assignment answers should be written on quad (4-1" graph paper), if done by hand. Do not use line paper or plain white paper. If done on computer you can use plain white paper to print your work.

2) Diagrams should be integrated into each question and are not to be appended at the end.

3) Answers should be rounded to one decimal. Problem numbers should be clearly marked and visible to the reader.

4) Assignment should include a cover page indicating name (Family name followed by first name; ID Number, Section (Monday #751 or Tuesday #761; Date; Course Name and Number and Institution name.
